OUR MISSION

To be a one-stop supply chain source, providing all procurement supports to our clients and customers.

We are committed to working with our clients and partners in achieving their goals and building a long lasting relationship.

Every client is unique in their own way, and it is our culture to fine-tune our services to meet the respective needs of clients, partners and customers.

OUR CREED

Global competence and a superior world class performer in areas of pricing and delivery.

We are committed in carrying our contracts at any standards by way of meeting and exceeding quality, safety and ecological requirements.

CORE VALUE

- Integrity
- Professionalism
- Teamwork
- Lasting Relationship

LOCAL CONTENT

As a wholly indigenous Company, we are committed to developing and adding value to the Nigerian economy throughout our operations in the Oil & Gas sector, Power and Infrastructural development environment in Nigeria.

Our focus is on building capacity in human resource, investment in infrastructure, patronizing local goods and services and empowering the local communities in which we operate.

Meadow Hunt Global Nigeria Limited continues to participate and demonstrate total commitment in the Nigerian Content Development Act of the Federal Republic of Nigeria, and has ensured compliance with all laws and guidelines in this regard.

Meadow Hunt Global Limited is a 100% indigenous Company, having it's operation spread across strategic cities in Nigeria, including Lagos and Port Harcourt.

It is a duly incorporated company under the Company And Allied Matters (CAMA) Act, 2004.

We specialize on:

- Structural steel
- Pipeline & OCTG
- Wellhead and Control Panels
- Compressors
- Valves
- Drilling equipment
- Oilfield Special Equipment
- Pipeline Insulating Materials
- Supply Chain Management
- Technical Services

Through our OEMs and buying houses across the globe, we are able to source equipment and spares of various type and ship to your point of delivery.

Our products are widely used in the Oil & Gas, Power Projects and Allied Industries.

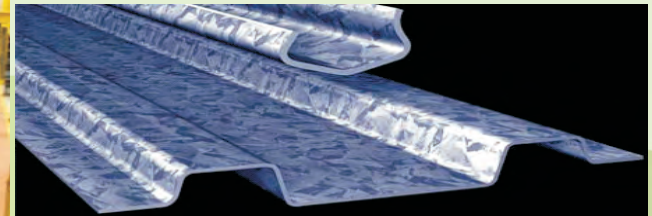

OUR PARTNERS

Company Profile

OUR PARTNERS

ArcelorMittal

Arcelor Mittal is one leader in all major global steel markets, including automotive, construction, household appliances and packaging, with leading research and development and technology, as well as sizeable captive supplies of raw materials and outstanding distribution networks. The partnerships we have developed with ArcelorMittal, provide a host of mutual benefits and stimulate new areas of improvement so as to meet the ever-growing demand of Clients and Customers.

Our success depends so much on our ability to continually improve the quality of our services while protecting lives and the environment.

Equal emphasis must be placed on human health, operational safety, environmental protection and quality improvement.

That is why we do not compromise in any way the safety and health of our team, our clients and the environment. We abide by the international guidelines of Health, Safety and Environment. Our policies and practices regarding these, like our service and expertise, are unmatched in the industry.

We are committed to:

- Improvement of the health, safety & security of our people at all times.
- Identify and minimize or eliminate safety hazards to prevent injuries and illness and provide a safe and healthy workplace for our employees.
- Set safety objectives, measure results, evaluate and continually improve processes, services, and product & safety performance through the use of an effective management system.
- Plan to respond and recover from any emergency, crisis or business disruption.
- Minimize our impact on the environment through pollution prevention, reduction of natural resource consumption, reduction of emissions and the reduction of waste.
- Apply our technical skills to all HSE aspects which impact in the provision of our products & services.
- Mitigate Environmental pollution, health and safety hazards with adequate training and facilities for all employees.
- Regular policy review to ensure ongoing suitability.
- Abide by the laws and regulation of the host community where operation are carried out and apply more stringent HSE standards wherever appropriate

Meadow Hunt Global Limited requires the active commitment and accountability of HSE from all employees. Management has a leadership role in communicating, implementing, and complying with HSE policies and standards. This commitment is in the best interest of our stakeholders such as shareholders, employees, clients, partners, customers, and the communities in which we live & work.

Meadow Hunt Global Limited will establish Quality Assurance System soon. This system will interact and apply a management orientation that encourages and emphasizes total quality culture throughout our business practice.

In Meadow Hunt we are all committed to:

- Comply with all applicable legislation & regulations and conduct our business in an ethical and professional manner at all times, meeting all legal requirements.
- Create and maintain a culture of continuous quality improvement.
- Deliver our client the standard of quality specified in contract within budget and time.
- Ensure that all consultants, sub-contractors, suppliers and others who are involved in our project, meet the required quality standard.
- Provide resources necessary to achieve the required quality level.
- Ensure that quality control mechanism are sufficiently and effectively applied at all times.
- Maintain the company's image and reputation to earn the confidence of our clients, shareholders and general public.
- Provide a healthy working environment and development opportunities for our employees at all level, using best practice tools.
- Continually review, improve and implement quality control and best practice procedure to exceed our Client's expectations.

This will be achieved by:

- Implementing and maintaining a formal quality management system that complies with ISO 9001:2008.
- Ensuring that our processes adhere to the Nigeria Law.
- Ensuring that required resources are available within the company to achieve effective implementation.
- Provide a framework and procedures that enforce the management system and quality objectives.
- Scheduled continual internal audit at all stages of service supply and adhere to inputs of "feedback loop".
- Periodic engagement of Independent External Auditors (Certifying Authorities).
- Periodic Management Review Meetings.
- Developing competent, responsible and empowered personnel at all levels through commitment to training.
- Obtain feedback and work continually to improve services processes and products to suit the needs of Clients / Partners / Customers.

Employees are aware of Company's commitment to this policy in particular and quality in general and are encouraged to demonstrate their own support to the system, by continuous active participation.
